4. Upgrading

The following page explains how to upgrade in BIS on Business Central On-Premise versions:

https://business-central.to-increase.com/md/en-US/sc_updateBIS.md

5. Granule List

To-Increase **Anywhere Mobility Studio** and its products consists of the granules listed below. These granules must be listed in the **Microsoft Dynamics 365 Business Central on premises** – and **Microsoft Dynamics 365 Business Central on premises subscription** licenses.

| Product | Granule | Name |
|--------------------|------------|-------------|
| TI-Common | | |
| N108* | 11.068.690 | TI-Common |
| BC Anywhere | | |
| NDAW | 11.158.610 | BC Anywhere |

The Anywhere Mobility Solution needs an additional portal license, which can be obtained via salesupport@to-increase.com.

In on-premises deployments licensing is based on granules while cloud-based (SAAS) deployments make functionality available through application areas. To be able to maintain the On Premise and SaaS versions for the products, separate apps are available.
